INTRODUCTION AND GENERAL INDEX

HILL DIRECTORY COMPANY, publishers of Southeastern Directories (publishers of the Burlington and Graham City Directory since 1935), present to subscribers and the general public, this, the 1968 edition of the Burlington and Graham City Directory, which also includes Alamance, Elon College, Gibsonville, Glen Raven, Glenco, Haw River and Hopedale. (In all, the HILL DIRECTORY COMPANY and its affiliated companies publish more than 1,400 city, county, state and national Directories).

Confidence in the growth of Burlington and Graham's industry, population and wealth, and in the advancement of their civic and social activities, will be maintained as sections of this Directory are consulted, for the Directory is a mirror truly reflecting Burlington and Graham to the world.

The enviable position occupied by HILL'S Directories in the estimation of the public, has been established by rendering the best in Directory service. With an unrivaled organization, and having had the courteous and hearty cooperation of the business and professional men and residents, the publishers feel that the result of their labors will meet with the approval of every user, and that the Burlington and Graham Directory will fulfill its mission as a source of authentic information pertaining to the communities.

Four Major Departments

The four major departments are arranged in the following order:—

I. THE BUYERS' GUIDE constitutes the first major department of the Directory, printed on yellow paper. In the first section of this department, grouped under appropriate headings, are included the advertisements and business cards of firms and individuals desiring to make a complete presentation of their products or services. Following this is the Classified Business section, which embraces a list of the names and addresses of all business and professional concerns of the communities, arranged in alphabetical order under appropriate headings—a catalog of all the activities of the communities. The Buyers' Guide represents reference advertising at its best, and merits the attention of all buyers and sellers seeking sources of supply or markets for goods. In busy and diversified communities like Burlington and Graham, the necessity of having this kind of information up-to-date and always immediately available, is obvious. The Directory is the common intermediary between buyer and seller, and plays an important role in the daily activities of the commercial, industrial and professional world.

II. THE ALPHABETICAL LIST OF NAMES of residents and business and professional concerns is the second major department, printed on white paper. This is the only record in existence that aims to show the name, marital status, occupation and address of each adult resident of Burlington and Graham, and the name, official personnel, nature and address of each firm and corporation in the communities.

III. THE DIRECTORY OF HOUSEHOLDERS, INCLUDING STREET AND AVENUE GUIDE is the third major department, printed on green paper. In this section the numbered streets are arranged in numerical order, followed by the named streets in alphabetical order; the numbers of the residences and business concerns are arranged in numerical order under the name of each street, and the names of the householders and concerns are placed opposite the numbers. The names of the intersecting streets appear at their respective crossing points on each street. Special features of this section are the designation of owner occupied homes, the listing of telephone numbers and Zip Code numbers.

IV. THE NUMERICAL TELEPHONE DIRECTORY is the fourth major department, printed on blue paper.

Community Publicity

The Directory reflects the achievements and ambitions of the communities, depicting in unbiased terms what they have to offer as a place of residence, as a business location, as a manufacturing site and as an educational center. To broadcast this information, the publishers have placed copies of this issue of the Directory in Directory Libraries, where they are readily available for free public reference, and serve as perpetual and reliable advertisements of Burlington, Graham and vicinity.

The Burlington and Graham Out-of-Town City Directory Library

Through the courtesy of the publishers of the Burlington and Graham City Directory, a Directory Library is maintained in the offices of the Burlington-Alamance County Chamber of Commerce, for free reference by the general public. This is one of more than 1,000 Directory Libraries installed in cities and towns throughout the United States, Canada and Puerto Rico by members of the Association of North American Directory Publishers, under whose supervision the system is operated.

The publishers appreciatively acknowledge the recognition by those progressive business and professional men who have demonstrated their confidence in the City Directory as an advertising medium, with assurance that it will bring a commensurate return.

HILL DIRECTORY COMPANY,
Publishers.

IN ADDITION to names and addresses, your City Directory contains much detailed information concerning the people of your community. In order to list this information certain symbols and designations have been developed which enable important statistics to be compressed into the smallest possible space. You will receive far greater benefits from your City Directory if you familiarize yourself with the symbols and what they stand for.

In checking credit applications, in conducting direct mail advertising programs, in planning sales campaigns, in building prospect lines, and in scores of other ways your City Directory will prove of invaluable assistance.

BURLINGTON AND ALAMANCE COUNTY

(Courtesy Burlington-Alamance County Chamber of Commerce)

INTRODUCTION

Alamance County has been the scene of steady and orderly industrial growth for many years. It is now one of the leading industrialized counties in North Carolina—due to alert, aggressive business leadership, continuing responsible government and good planning.

Alamance County is unique in the variety of locations available to industry. Within the county are four incorporated municipalities ranging in population from 1,300 to 39,000. The largest is Burlington and the smallest is Elon College. The other two are Graham (9,000) and Mebane (2,500). In addition, there are several unincorporated villages throughout the county. The largest population concentration (60,000) is the urban area comprised of Burlington, Graham, Elon College and adjacent communities.

Alamance County enjoys a long history of county-wide cooperation for the total development of the entire area. Municipal governments are prepared to provide the services and facilities required by industry. The strength, progress and prosperity of Alamance County come from this realistic tradition of county-wide cooperation.

LOCATION

Alamance County, at the apex of the Piedmont Golden Crescent, is in the heart of North Carolina's choicest industrial and educational concentration. Interstate Route 85, called North Carolina's "Main Street," runs through Alamance County, connecting it with the principal highway systems of the nation. Southern Railway links it to national markets and sources of raw materials. Within easy reach (less than an hour) are two mainline airports, Greensboro-High Point-Winston-Salem, and Raleigh-Durham.

HISTORY

Burlington had its beginnings in the 1850's when General Benjamin Trolinger was successful in getting the shops of the North Carolina Railroad located on the site. The city was chartered in 1886, and at first was known simply as "Company Shops." Gradually, the citizens felt the need for a more appropriate name, and "Burlington" became official in 1893.

Removal of the railroad shops to Spencer, N. C., in 1896 caused a major economic crisis. This was soon resolved, however, when several small manufacturing plants began operations. From this modest industrial beginning, Burlington has grown to become a well-developed and diversified industrial area.

Industrial growth has in turn produced other advances. The standard of living has increased to near the top among North Carolina cities. As a result of this general growth and prosperity, the community has developed well-rounded religious, civic, cultural, recreational and commercial interests. Burlington is truly a good place in which to live and make a living.

There is a continuing demand for technicians,

craftsmen, supervisory training and upgrading of personnel. The pre-employment training provided by the Technical Institute, at no cost to the employer, is a direct saving to the employer since it cuts down on labor turnover and production waste, increases efficiency and expedites quality production from new employees.

Technical Institute of Alamance, Burlington, N. C.

The on-the-job training for employees and supervisors improves ability and skills for better job performance, and upgrades personnel. The curriculum at the Technical Institute is set-up by a state-wide advisory committee; however, the various curricula are adjusted locally to meet specific needs of employment. Many courses of study are offered for the purpose of updating the knowledge and efficiency of persons already employed. Classes for these students are generally taught at night.

Supervisory Development Training programs are available to supervisors through a wide variety of short, informal courses. A diploma program in supervisory training is now available to students who are willing to complete a prescribed course of study. Courses may be taught in the institute or in an individual plant where facilities are available. A technical library, maintained by a trained librarian, is available for use by the faculty and students of the institute. Audio visual equipment is available for the improvement of instruction. Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

**Do Not Lend Your
CITY DIRECTORY**

IT COSTS YOU MONEY—Every Time it Is Loaned

The practice of lending your City Directory, in a great measure, is responsible for the increasing cost of Directory Service.

The reason is:—

There is a definite cost involved in the making of the DIRECTORY of Your City.

THIS COST MUST BE ABSORBED BY THE SUBSCRIBERS—BE THEY ONE—OR BE THEY 1000.

If there were but ONE SUBSCRIBER to the CITY DIRECTORY—THE ONE SUBSCRIBER would of necessity have to absorb THE WHOLE COST.

If there were 100 SUBSCRIBERS—each one would have to absorb 1/100 PART OF THE WHOLE COST.

If there were 1000 SUBSCRIBERS—each one would have to absorb 1/1000 PART OF THE WHOLE COST.

From which it is obvious that the GREATER the number of subscribers—the LESSER the cost to each.

And

It is also obvious that the LESSER the number of subscribers—the GREATER the cost to each.

Every time you loan your City Directory the LESS NECESSITY THERE IS FOR THE BORROWER TO SUBSCRIBE FOR THE SERVICE.

MORE BORROWERS result in FEWER SUBSCRIBERS which means INCREASED COST.

CASHIERS! TELLERS! CLERKS!

Do your employers furnish you with the latest edition of the City Directory?

You need it at your elbow at all times, to protect your company from forgers and bad-check artists. A few questions, checked against City Directory information, will trip them at once. Intelligent use of the City Directory for this purpose has saved thousands of dollars and helped make some cities "too sharp" for bad-check "operators."

Out of Sight! - Out of Mind! - Out of Business!

The importance of keeping firm and product names in the public eye is recognized by all business men. It is astonishing to see how a firm or product, however meritorious, will slip into the limbo of the forgotten if not persistently advertised.

The City Directory is the natural medium for keeping a business or product name in the spotlight. *Insist on being well represented in its pages.*

WHY A BUYERS' GUIDE?

IT IS CUSTOMARY TO INCLUDE A BUYERS'
 GUIDE IN THE CITY DIRECTORY BECAUSE:

It gives business firms the opportunity to elaborate upon a description of their products and services impossible in the limited space of regular Alphabetical and Classified listings.

★ **The Buyers' Guide is a necessary supplement to the regular listings; It is good City Directory information . . . EXTENDED** ★

CAUTION

Pay no money in advance to itinerant Directory canvassers. We are led to mention this from the fact that certain parties have been fraudulently using our publications as specimens, and by that means collecting money in advance. Before signing an order, see that it has the name of the publisher of this City Directory printed thereon. We ask no payment until the work is delivered, and our solicitors have strict orders not to take advance payment for either advertising or subscriptions.
